

§ 30.400

this subpart. However, neither the district office nor the FAB can consider any objection concerning the Director's decision to reopen a claim under this section.

Subpart E—Medical and Related Benefits

MEDICAL TREATMENT AND RELATED ISSUES

§ 30.400 What are the basic rules for obtaining medical treatment?

(a) A covered Part B employee or a covered Part E employee who fits into at least one of the compensable claim categories described in subpart C of this part is entitled to receive all medical services, appliances or supplies that a qualified physician prescribes or recommends and that OWCP considers necessary to treat his or her occupational illness or covered illness, retroactive to the date the claim for benefits for that occupational illness or covered illness under Part B or Part E of EEOICPA was filed. The employee need not be disabled to receive such treatment. When a survivor receives payment, OWCP will pay for such treatment if the employee died before the claim was paid. If there is any doubt as to whether a specific service, appliance or supply is necessary to treat the occupational illness or covered illness, the employee should consult OWCP prior to obtaining it.

(b) The decision of OWCP that medical benefits provided under paragraph (a) of this section are not necessary to treat an occupational illness or covered illness is final when issued and is not subject to the adjudicatory process described in subpart D of this part.

(c) Any qualified physician or qualified hospital may provide medical services, appliances and supplies to the covered Part B employee or the covered Part E employee. A qualified provider of medical support services may also furnish appropriate services, appliances, and supplies. OWCP may apply a test of cost-effectiveness when it decides if appliances and supplies are necessary to treat an occupational illness or covered illness. With respect to prescribed medications, OWCP may re-

quire the use of generic equivalents where they are available.

§ 30.401 What are the special rules for the services of chiropractors?

(a) The services of chiropractors that may be reimbursed by OWCP are limited to treatment to correct a spinal subluxation. The costs of physical and related laboratory tests performed by or required by a chiropractor to diagnose such a subluxation are also payable.

(b) A diagnosis of spinal subluxation as demonstrated by x-ray to exist must appear in the chiropractor's report before OWCP can consider payment of a chiropractor's bill.

(c) A chiropractor may interpret his or her x-rays to the same extent as any other physician. To be given any weight, the medical report must state that x-rays support the finding of spinal subluxation. OWCP will not necessarily require submission of the x-ray, or a report of the x-ray, but the report must be available for submission on request.

(d) A chiropractor may also provide services in the nature of physical therapy under the direction of a qualified physician.

§ 30.402 What are the special rules for the services of clinical psychologists?

A clinical psychologist may serve as a physician within the scope of his or her practice as defined by state law. Therefore, a clinical psychologist may not serve as a physician for conditions that include a physical component unless the applicable state law allows clinical psychologists to treat physical conditions. A clinical psychologist may also perform testing, evaluation, and other services under the direction of a qualified physician.

§ 30.403 Will OWCP pay for the services of an attendant?

OWCP will authorize payment for personal care services under section 7384t of the Act, whether or not such care includes medical services, so long as the personal care services have been determined to be medically necessary and are provided by a home health
